

McLennan Community College

POLICIES AND PROCEDURES

Reference:	B-VI	Effective Date:	11/15/2021
Subject:	College Credit by Examination		
Source:	Vice President, , Instruction & Student Engagement		
Approval Authority:	President	Approval Date:	11/15/2021
Approved by Leadership Team:	Hills:	Benson:	McKown:
History:	Replaced previous policy dated 10/22/2020		
Remarks:			

Students who believe they already possess the knowledge and/or skills taught in certain courses or programs offered by McLennan Community College will be given the opportunity to receive credit by special examination in courses where proficiency may be determined appropriately by examination.

Credit by examination is available to students who plan to enter the College and to students who are currently enrolled. The College awards credit for successful completion of (1) CLEP, (2) AP, (3) IB, and (4) MCC departmental examinations.

Application Procedures

1. College Level Examination Program (CLEP)

Under the College Level Examination Program, the College will award credit for only the specified subject examinations listed above. General examinations are not accepted. As with other testing programs, a student may attempt a CLEP examination at a National CLEP test center before enrolling in the course and have the scores reported to the College. These examinations are offered at MCC through the Testing Center. They are also offered at other CLEP test centers. Further information concerning CLEP tests may be obtained from high school counselors and principals, www.collegeboard.com, or the MCC Testing Center.

2. College Board Advanced Placement Program Examination (AP)

The Advanced Placement Examination is the final examination for a nationally standardized course offered in a limited number of secondary schools. The objective of the AP is to allow students to begin work toward college credits while still in high school. Students should check with their school counselors or principals as to the availability of the AP examinations in their school.

POLICIES AND PROCEDURES

3. Credit for an International Baccalaureate (IB) Examination.

The International Baccalaureate Diploma Program is an international program, of courses and examinations offered at the high school level. McLennan Community College will grant a minimum of 24 hours credit for an IB Diploma completed with Higher Level exam scores of 4-7. For those individuals who participate in IB courses but do not receive an IB diploma, individual course credit may be earned based on the subject and score obtained on specified IB exams.

4. MCC Departmental Examination

Departmental examinations are available in most courses offered by the College. For specific course examinations available, contact the respective department.

An application form for each examination must be approved by the appropriate Division Chair or Program Director, who will designate an instructor to prepare, administer, and grade the examination. (See attached form.)

General Rules and Procedures

The student is responsible for submitting exam scores to McLennan Community College. Scores for CLEP, AP, and IB examinations should be received prior to course enrollment for use in accurate course advisement and placement. **Scores that are five (5) years or older from the date taken will not be accepted. There is no college tuition fee assessed to any course for which a student successfully tests out of using the CLEP, AP, and/or IB examinations.**

Generally, no more than **24** hours of credit by examination may be obtained either at McLennan Community College or by transfer from other institutions or a combination thereof.

To receive credit by examination at MCC, a student must score at or above the "C" level. The course number, title, and credit hours will be entered on the student's permanent record with notation of the type of test taken and the score.

A grade of "CR" (credit) will be assigned for any course in which credit is earned by examination. This grade is not computed in the grade point average.

Credit by examination may be attempted only one time in a given course.

There will be no refund and no entry made on the student's permanent record in case of failure of an examination for credit.

Students should direct inquiries concerning courses available for credit by examination to the Testing Center.
