### **DOMESTIC AND INTERNATIONAL STUDY and ACTIVITIES TRIPS:**

#### **PURPOSE**

This policy serves to guide faculty and staff who plan and prepare for domestic and international student travel trips. This policy is not intended to be comprehensive nor cover all circumstances and is not intended for day trips. The guidelines are intended to prompt trip leaders to be prepared to maintain the health and safety of all participants and prepared to assess and mitigate potential risks. Additional guidelines may be provided by trip leaders and administrators based upon requirements for specific trip needs.

#### **DEFINITIONS**

## POLICIES AND PROCEDURES

**International** – A trip taken beyond the borders of the United States.

**Trip** – A scheduled and approved trip that takes students away from McLennan Community College for a specific amount of time attached to a course or student activity.

### TRIP APPROVAL

To ensure that sponsored trips are consistent with the College's mission and that student safety issues have been addressed, each travel trip must be approved by the appropriate division chair, Dean, Vice President(s), and the President. All international trips require presidential approval. Trips not receiving such approval will not be recognized as an MCC sponsored trip and will not use or receive College resources. Additionally, only approved trips are entitled to state a connection to McLennan Community College.

All sponsored trips must have a designated trip leader who has overall accountability for the development and implementation of the trip. The trip leader is responsible for planning, selecting and vetting sponsors/chaperones, managing the logistics of the trip, and conducting follow-up activities. The trip leader must be a full-time employee in the department that is sponsoring the trip, or in the case of student organization trips, the faculty or staff advisor to the organization, unless otherwise approved by appropriate Dean, the Vice President, Instruction and Student Engagement and the President. The trip leader must submit a trip plan, no later than August 30th of the previous year or six months in advance of the proposed trip. Exemptions to the deadline are at the discretion of the appropriate approval by the Dean, the Vice President, Instruction and Student Engagement, and the President.

### PARTICIPANT ELIGIBILITY

Trip participants to include trip leader(s)/chaperones and students should be:

- a. MCC or other participating college/university faculty or staff with a legitimate business reason for participation; or
- b. MCC students enrolled in the domestic or international trip; or
- c. other students who will gain academic credit at their institutions for participation through institutional arrangements with MCC; or
- d. other individuals with a documented reason for participating and approved by the appropriate Dean, the Vice President, the Instruction and Student Engagement and the President.

The ratio needed between the number of sponsors/chaperones and students is determined by trip-specific needs (e.g. the number of drivers, the number of students). There is a minimum of two chaperones/sponsors (including the trip leader) per trip, but the number may be increased if justified by the trip leader with the support of Administration.
