			AGRI 2322-Livestock Eval II		
Total Hours Recommended:					

I plan to receive the Associates of Science (A.S.) Degree with an Emphasis in Agriculture. I understand this degree plan will determine my eligibility for graduation and all course substitutions must be approved by the Dean of Arts and Sciences. I must earn a minimum of **65 semester college-level credit hours** and must meet all other requirements. Students under the Texas Higher Education Assessment (THEA) must pass all sections of the THEA test to qualify for a degree.
