

## FULL TIME LVT OPPORTUNITY

Freeport Veterinary Medical Center & Wild Peach Veterinary Clinic are seeking to add LVTs to our growing team. FVMC is a mixed animal practice (90SA/10LA), while WPVC sees small and avian/exotic clients.

We are 45 minutes south of Houston (we were high and dry during Harvey!), are just outside of Lake Jackson and are close to the beach community of Surfside. Our staff is young, energetic, fun loving and knowledgeable. Currently, we mostly see small animal patients but also have a growing exotics, emergency and large animal mobile service clientele.

Our practices feature a modern surgical suite, radiology and treatment areas. We have also recently renovated our client waiting area/reception and exam rooms. Our facility has full point of care diagnostics including CBC & Blood Chemistry Analyzer, Vetgard+ Wireless Anesthetic Monitoring Equipment (including ECG, SPO2, respiration, temperature, TCO2, NIPB), Digital Radiography (including dental), new Sonoscape Ultrasound and more! We utilize cornerstone software and keep complete digital records.

Our services include; routine preventative medicine and surgical care for both small and large animal patients, internal medicine, dentistry, soft tissue surgery, reproductive services, exotic animal medicine and surgery, boarding, grooming and emergency services. We also work closely with the local SPCA and a large well managed local rescue organization.

This area is growing rapidly each year and we see many new clients each month.

What can you do outside of work? Our area is full of activities whether shopping and dining is your thing or the great outdoors. Spend time at the beach every week or head to Houston for a concert/festival. Want to be able to jet home to visit family conveniently? IAH is just a 45-minute drive up the road and has multiple daily direct flights to many cities.

We are seeking new graduates or experienced team members that are personable, have a good work ethic, enjoy hands on learning, can communicate well with clients and staff and have a positive attitude that will help him/her build confidence while learning. Current veterinarians enjoy mentoring and will be glad to share our knowledge with new graduate so that you can further develop your medical skills and interests. We are strong proponents of supplemental training and CE that enhances not only our client services, but provides enrichment for our staff members.

All aspects of typical technician duties would be performed including but not limited to: nursing care and treatments, surgical monitoring/assisting, dental procedures, team-approach client appointments, client education, emergency services, etc. Interest/willingness to work with all species we treat is ideal including small, large and exotic animal patients.

Salary Information: competitive hourly wages, additional emergency income available, paid vacation, paid statutory holidays, year end bonus, 401K, paid professional membership dues, CE allowance, uniform provided, relocation funds, preferred health insurance rates.

Please feel free to contact us if you are interested and would like to come down for a visit.
