POLICY

The College may require a pregnant and parenting student to obtain certification of a physician that the student is physically and emotionally able to continue participation so long as such a certification is required of all students for other physical or emotional conditions requiring the attention of a physician.

The College shall treat pregnancy, childbirth, false pregnancy, termination of pregnancy, and recovery therefrom in the same manner and under the same policies as any other temporary disability with respect to any medical or hospital benefit, service, plan, or policy which the College administers, operates, offers, or participates in with respect to students admitted to the College's educational program or activity.

The College shall treat pregnancy, childbirth, false pregnancy, termination of pregnancy and recovery therefrom as a justification for a leave of absence for so long a period of time as is deemed medically necessary by the student's physician, at the conclusion of which the student shall be reinstated to the status which she held when the leave began.
