- III. Faculty Evaluations: Any feedback that we still need to communicate with Dr. Eggleston?
 - A. Amy: Synopsis of Dr. Eggleston's updates about faculty evaluation. The process will be more efficient and focused on growth and support for faculty. To be conversational and to highlight faculty excellence.
 - 1. No comparative data will be used in evaluations.
 - 2. The Likert scale has been removed.

3. Faculty will be rated as “Approved” or “Needs Improvement”. Chad anticipates that evaluators will use “Needs Improvement” sparingly.
 4. Comparative data will be available to chairs and deans to look at when there is a big disparity or something that seems odd.
 5. Jan: When will evaluations start? Tammy: Evals will be due May 31.
 6. Clint: Will a core value write up still be needed? Amy: Yes, you will need to comment on each value.
 7. Jan: I need a reminder of how to access evaluations.
 8. Amy: They are on Neo Ed and the links will be sent out.
 9. Lori Watts: Does the evaluation seem simpler than last time?
 10. Amy: It may be shorter. Chad said it should not take longer than 4 hours.
- IV. Learning Framework:
- A. Amy: History of Learning Framework covered. It has not produced student success. Stake-holders should think through what it could become. How can we address issues for education faculty and students? Feedback is needed about how to improve Learning Framework. Chad is open to suggestions.
 - B. Questions or feedback? Please reach out to Chad, or Kayla and Amy with Feedback on Learning Framework.
- V. Late registration update: Holly and Kacy have talked with various parties (division chairs, advising, some faculty members) and will continue to follow the current policy—late registration until Wednesday at 5 PM. C. Alex Shui: Compensation Committee

1. The committee has been collecting data on inflation and the CPI (consumer price index). Inflation is currently 3%. The federal reserve holding rates steady may signal that inflation is coming.
2. ECI (economic cost index) is a better measure of wage inflation. It is included for December 24.
3. The average annual raise for community colleges is 4.5%. MCC is 3rd in state for full-time salaries and 6th in the state for part-time salary.
4. Focusing on ECI, the committee recommended an increase of 5%-6% for full-time and higher for part-time faculty.
5. Donald: When does the ECI change? Alex: It changes Quarterly.
6. Andrew: Thanks to the committee. Will the committee report be updated at the end of the quarter? Alex: We can update if needed.
7. Amy: We just need to get it to the board before the budget workshop. What is the threshold needed of ECI increase to revisit the report?
8. Alex: Numbers have been trending upward by about 0.1 per quarter. If it doesn't change drastically, I would say the report doesn't need to change.
9. Please look at the report closely and prepare to vote, next meeting.

D. Colin: CREW -

1. Shepherd's Heart will be here Thursday during Spring Break. if you want to volunteer.
2. After May 31 Consumables will have to be funded differently. More info to follow.
3. This is a good time for students to see if they can receive SNAP funds. Signs are up around campus that students can scan.
4. Swap meet for CREW after spring break. Donate small items and clothing.

II. Contingency protocols and preparedness

- A. As part of our ongoing commitment to supporting all members of our campus community and to ensure that faculty, staff, and students are well-informed about their rights and what to do in a range of possible scenarios, we are forming an Ad Hoc committee about appropriate procedures should immigration enforcement officers come to campus.
- B. This committee will work closely with Chief Williams, members of faculty, staff, student associations, and community groups to ensure we are doing our due diligence to protect vulnerable members of our community and provide clear guidance that aligns with legal requirements, including FERPA protections. The goal is to provide clear, accurate information and resources, so that faculty, staff, and students understand their roles and how to respond.
- C. Amy and Kayla have talked at length with Chief Williams and others to clarify some of the process; the committee will continue the work and add to it.

1. ICE should be told to contact the MCC Police Department before taking any other action.
 2. If an ICE agent (or anyone else who is not with MCC Police) shows up at your classroom do not let them in and call the police: 8911. It would violate FERPA to do otherwise.
 3. Chief Williams will contact Leadership, who may contact the College's legal counsel.
 4. Students need to know their rights. They do not have to give any information to ICE, police, or other law enforcement other than their name and date of birth. They can refuse and should decline to answer all other questions. "Red cards," that list a person's rights, are available to students in the Student Life Center and at <https://www.americangateways.org/> and more will be available soon. You may give red cards to students.
- D. Melody Flowers has offered to chair the Ad Hoc committee of faculty and staff members. Please reach out to me or to Melody Flowers if you would like to be a part of it.
1. Richard: Any information or instruction from the leadership team regarding pronoun use? Any state-directives?
 2. Amy: No, the executive order seems to apply to passports only. We have not heard any directives from the state.
 3. Tammy: DEI state audit completed, one video taken down from on-boarding.
 4. Lori: If an ICE officer shows up with an MCC police officer we would have to comply. It means the warrant is appropriate and signed by the correct people.
- III. STEP Credit Form: Ready to go on SoftDocs. Pre-Approval Form: <https://mcccentral.etrive.cloud/Index#/form/181>. Final Approval Form: <https://mcccentral.etrive.cloud/Index#/form/195>.
