McLennan COMMUNITY COLLEGE

2022-2023 Unusual Enrollment History

_____   _____

NAME (please print legibly)   STUDENT ID

The U. S. Department of Education has established requirements to help prevent fraud and abuse in the federal programs by identifying students with unusual enrollment patterns and indicating on the ISIR that these patterns exist. Many students with unusual enrollment patterns may have a legitimate reason for their enrollment history at multiple institutions. However, such enrollment patterns now require an institutional review to determine whether valid, documentable reasons exist for the unusual enrollment patterns. This must be satisfactorily resolved by the institution before you can receive financial aid. Students may also be selected for this process if they received a Federal Pell Grant and/or Direct Loan during the last four consecutive years, (2019/2020, 2020/2021, 2021/2022 or 2022/2023) but did not successfully complete the number of hours for which the Pell Grant and/or Direct Loan was provided.

In order to resolve this issue, **you must provide an official copy of all prior college transcripts** to our Admissions Department for official evaluation. You will not be eligible for financial aid until this process has been completed.
