

Apply for admission to McLennan at www.applytexas.org.

Complete the FAFSA at www.fafsa.gov for the current school year.

This is how you apply for federal Pell Grants and Direct Loans.

- Note: It can take 5-7 business days for McLennan to receive your FAFSA information and about 10 business days for the college to process your financial aid awards.
- Deadlines: Fall — June 1 | Spring — Nov. 1 | Summer — April 1
- Direct Loans:
 - Subsidized = no interest accrued while in school
 - Unsubsidized = interest accrued while in school

Log into WebAdvisor to view your Financial Aid Award Letter.

- Accept loans via WebAdvisor.
- Complete your Master Promissory Note and Entrance Counseling at www.studentloans.gov. (If you've completed these at another institution, you must redo them for McLennan.)
- You don't have to accept Pell Grant or scholarships.

If no award letter is listed on WebAdvisor, check your inbox for an email from finaidverify@mcclennan.edu.

If you have one, you have been selected for verification (we must verify the information you put on your FAFSA).

- Click the link in the email and create an account. (If parent info was provided on your FAFSA, your parent will receive an email to create a separate account.)
- Sign in and submit/upload all required documents.
- Verification of information will take a minimum of 10 business days before your award letter will be listed on WebAdvisor.
- Complete steps in the previous check box.

Paying for Classes

As long as all steps above have been completed, Pell Grants and/or Direct Loans will apply automatically toward tuition and fees on the payment deadline: _____

If your financial aid awards do not cover your entire tuition and fees amount, you must pay for the remaining balance online or at the Business Office (payment plans are available).

First-time loan borrowers must wait 30 days for money from their loan to apply toward tuition and fees. (This is a federal rule.) But as long as you have completed the steps above, you will not be dropped from classes.

Paying for Books

You must have your Highlander One Card to purchase books. You can charge books using your remaining financial aid (after tuition and fees) at the McLennan Bookstore starting on: _____

First-time loan borrowers may apply for an Institutional Loan at Highlander Central in order to pay for books. After the 30-day wait period, the loan will be paid back automatically with your financial aid funds.

Refunds

Any funds remaining after tuition, fees and bookstore charges have been paid are considered a refund and will be disbursed to you through your Highlander OneAccount (on your ID card) on your refund date: _____

Keeping Your Financial Aid

Satisfactory Progress (making sure you're doing well enough to keep your aid) is reviewed after each term. You must complete 67% of all courses attempted and maintain at least a 2.0 GPA.

If placed on financial aid suspension, your financial aid (with the exception of scholarships) will NOT be available to you. You can submit an appeal of your suspension (the form is online), which will be reviewed within 3 weeks of being received.
