Q: Where can I access information about the Radiologic Technology program?
A: The best source to review for all program information is the “Fact Sheet” located on the right side of the program’s landing page. Anyone interested in our program can find detailed information at [www.mclennan.edu](http://www.mclennan.edu), search “Radiologic Technology” to access our page.

Q: What are the minimum requirements to apply to the program?
A: Students must first be TSI complete in Reading, Writing, and Math. Then, applicants MUST complete the below 12 semester hours of courses, score a 60 or higher on the ATI TEAS test (testing center), and attend a MANDATORY information session. (Note: these are the MINIMUM requirements).

- English 1301 or 1302
- Biology 2401 Anatomy & Physiology I
- HPRS 1206 Medical Terminology
- College level Math—I recommend Math 1332.

Q: How do I know and prove I am TSI complete?
A: A student will be required to complete remedial courses if their TSI scores do not show college readiness. Your advisor can help you plan your academic needs. However, if you are “exempt” or have passed the TSI requirements, it will be reflected on your transcript or automated degree plan.

Q: Where can I find the application for the program?
A: Applications for the program can be printed from our webpage at [https://www.mclennan.edu/health-professions/radiologic-technology/](https://www.mclennan.edu/health-professions/radiologic-technology/) and click on “APPLICATION PROCESS” or you may pick up an application from the MCC Radiologic Technology Department/offices located in the Community Services Center (CSC – “C” Wing)

Q: What do I need to attach to my application, when do I submit it, and where?
A: The application to the program contains a checklist for guidance of the appropriate documentation to be submitted. Please do not submit partial or incomplete application. Applications must be submitted by June 1st to the Radiologic Technology Program Director located in the Community Services Center (CSC “C” Wing)

Q: Is the program difficult to get in to?
A: The Radiologic Technology program is competitive to gain acceptance to due to the large number of candidates interested in this career path. It is recommended that students strive to exceed the minimum requirements. Please refer to the “Fact Sheet” and make an appointment with an advisor to plan your coursework from the beginning to ensure you are on the right track.

Q: Is the program accredited?
A: YES, the program is accredited by the Joint Review Committee on Education in Radiologic Technology (JRCERT). [https://www.jrcert.org/](https://www.jrcert.org/)
