COLLEGE

[www.mclennan.edu](http://www.mclennan.edu)

The left side of the slide features a vertical orange plaid pattern with white grid lines. The pattern consists of a grid of squares, with some squares containing a smaller, more complex plaid design.

# COVID Testing

- Approximately 85 McLennan HP faculty, staff, and students have volunteered to staff multiple shifts in the COVID-19 testing clinic on campus since we opened in October 2021.
- Colleagues from other departments have volunteered as well, providing welcome support.

# Rad Tech Community Service

The Radiologic Technology Student Organization performs community service each year.

This year, they collected \$400 worth of food, baby items, and new clothing for WISD's Lion's Heart program.

# Rad Tech Community Service

## Second Year Rad Tech Students

- Aaron Amundson
- Jennifer Crabtree

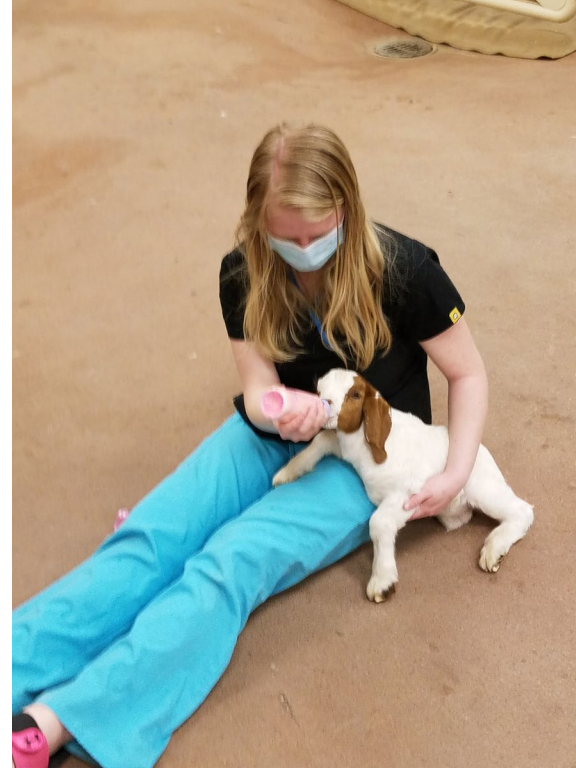

Vet Tech at Work  
Students practicing  
restraint under the  
watchful eye of Dr. Clark.

# OTA

# OTA

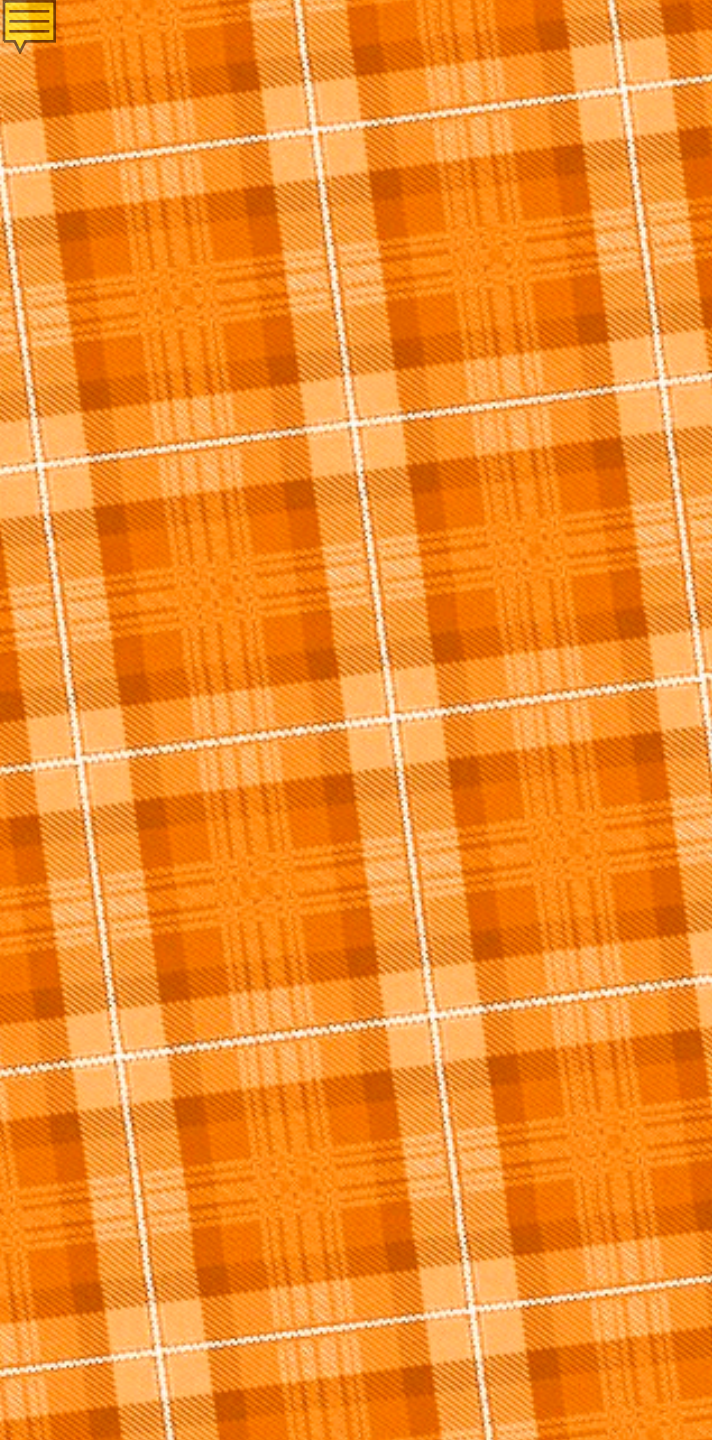

MLT

# Simulation

# HP Softball

An orange plaid pattern with white grid lines, covering the left side of the slide.

# Recruiting Again!

- GWAHCA
- YES! Expo
- Tours of Sim Lab & Programs

The left side of the slide features a vertical orange plaid pattern with white grid lines. The pattern consists of a grid of squares, with each square containing a smaller, more complex plaid design.

# SWOT

- Strengths
- Challenges
- Opportunities
- Threats

A decorative vertical strip on the left side of the slide featuring an orange and white plaid pattern.

# Strengths

- Program Directors
- Faculty
- Community Support
- College Support
- Amazing facilities & equipment
- Grant funding opportunities

A decorative vertical strip on the left side of the slide featuring an orange and white plaid pattern.

# Challenges

- Need for faculty to increase enrollment, support students, prevent burnout.
- Competition for clinical sites.
- Recruiting
- Retention
- Need for continuous support, maintenance of equipment & facilities.

# Opportunities

- Interdisciplinary teaching and learning
- Collaboration between PDs, faculty to develop best practices in advising, recruiting, advisory committee meetings.
- Admission practices & pathways to support students moving from foundational achievement to higher levels of learning & practice.
- Recruiting
- Awareness & importance of health care as a profession.

The left side of the slide features a vertical orange plaid pattern with a grid of white lines. The pattern consists of squares in various shades of orange, creating a textured, woven appearance.

# Threats

- Competition with other programs to provide education & clinical training.
- Cost of equipment, supplies
- Faculty shortage, especially in nursing
- Retirement of faculty
- Challenges presented by COVID, e.g. vaccination requirements, fear, family issues.

# Questions?

Thank you!
