COMMUNITY COLLEGE

The Cameron Legacy: 1876 - 2025

Welcome to Cameron Hall, a tribute to the family whose lumber built much of Waco and whose generosity in donating a 125-acre urban park changed the face of our community forever. The W.W. Cameron summer home, first named Valler View, was on this site for more than 100 years and, for many of those years, was a place of celebration and gathering. Today, the grand Cameron Hall continues that tradition.
